

CHARACTER

Jonathan Reed
@ArchaeologyDebunked

BACKGROUND

Jonathan Reed is a postgraduate archaeology student from Oxford, sent undercover to expose alternative history hoaxes. With 750K subscribers on YouTube (@ArchaeologyDebunked), he's built a reputation for methodically debunking pseudoscientific claims while maintaining a respectful tone. He's gathering content for his channel as part of his professor's assignment. Posing as a believer, he slips real evidence into fringe circles. If successful, he'll earn a recommendation to a top doctoral program. His channel's success has made him a rising star in academic outreach.
